| <b>SUBJECT:</b><br>COVID-19 vaccine requirements for all Military Active and Reserve personnel. | <input type="checkbox"/> PERMANENT <input type="checkbox"/> TEMPORARY |
|   | AUTHORITY (IF PERMANENT)  |

1. Policy. Navy service members will be fully vaccinated against COVID-19 through administration of vaccines that have received Food and Drug Administration (FDA) licensure or through the voluntary administration of vaccines under FDA Emergency Use Authorization (EUA) or World Health Organization (WHO) Emergency Use Listing.

2. Navy Service Members. Active-duty service members, service members in the selected reserves, and service members in the Individual Ready Reserve are considered Navy service members for the purposes of this page 13.

3. Fully Vaccinated. Navy service members vaccinated or voluntarily immunized with a COVID-19 vaccine under FDA EUA or WHO Emergency Use Listing per applicable dose requirements prior to, or after, the establishment of this policy are considered fully vaccinated. Navy service members are considered fully vaccinated two weeks after completing the second dose of a two-dose COVID-19 vaccine or two weeks after receiving a single dose of a one-dose COVID-19 vaccine.

4. COVID-19 Disease Prevention. Vaccination has proven to be the most effective defense against serious illness caused by COVID-19. Maintaining a clean work environment, good hygiene practices including cough and sneeze etiquette, and managing workforce exposure (e.g., social distancing, teleworking, and sick leave) all continue to be effective tools in reducing the spread of COVID-19.

5. This page 13 in conjunction with NAVADMIN 190/21 constitutes a lawful order. Refusal to be fully vaccinated against COVID-19, absent an approved exemption, will constitute a failure to obey a lawful order and is punishable under the Uniform Code of Military Justice and/or may result in administrative action.

6. Vaccination Card. Future Sailors/Officer Candidates who have already been administered the COVID-19 vaccination must take their official COVID-19 vaccination cards to RTC/OTC/ODS and will be authorized to commence training without being quarantined. Any Future Sailor or Officer Candidate that has not received the vaccination prior to their arrival at RTC, OTC, or ODS will incur a mandatory 14-day quarantine period prior to the start of any training.

*"All Service Members in the Department of Defense (DoD) are required to comply with applicable medical readiness requirements. One such requirement is that upon arrival at Initial Entry Training, all Service members must receive, if not already inoculated, immunizations required by the Joint Regulation for Immunizations and Chemoprophylaxis for the prevention of Infectious Diseases and other applicable DoD guidance. These vaccinations include but are not limited to COVID-19, Meningococcal, Measles/Mumps/Rubella, tetanus-diphtheria-pertussis, and varicella. Applicants for military service and Service members may seek an exemption from vaccination requirements based on a qualifying medical or religious basis from the military service concerned. Should an exemption be denied the member will be required to comply with applicable medical readiness requirements."*
